

## **Matthias Feiler**

### Principal

Matthias Feiler is a Principal and Head of Asset Allocation at LGT Capital Partners Ltd. He is responsible for the quantitative design of LGT's multi-asset portfolio solutions.

Before joining the firm in 2007, Mr Feiler was a senior researcher at the Management and Economics department at ETH Zurich. Prior to this, he worked as a consultant at DaimlerChrysler in Germany. At LGT, Mr Feiler has helped create top-down perspectives on investment decisions and contributed to asset allocation through a number of successful innovations in the area of portfolio construction and risk control.

Mr Feiler holds a PhD in Electrical Engineering from TU Munich and an MBA degree from the Collège des Ingénieurs in Paris. He is a lecturer in quantitative finance at the University of Zurich.
